MEETING OF THE CARR CLUB.

MEMBERSHIP HAS GROWN TO 729.

Over Two Hundred Names Added Since the Previous Meeting--Mr. Forbis Found Plenty of Carr Men Where There Were Said to Have Been None—Encouraging News From All Sections of the State. Col. Osborn Confident of Victory—Committees to Work at the Polls.

The attendance at the meeting of the Carr Club last night was not very large, but the reports indicated that the membership was growing rapidly. It was ascertained that the total enrollment of members was 729, of which 205 had been added since the last meeting. A number joined last night.

The Gate City Band was present and rendered some splendid music during the meeting.

In calling the club together President Forbis stated that he had just returned from a section of the county in which it was said there were no Carr men. He had found conditions entirely different, every Democrat with whom he had talked being a supporter of Gen. Carr. He urged the members of the club to put forth their united efforts in behalf of Carr until the polls should close next Tuesday evening.

Mr. Sam Browne was called for and responded with a short and characteristic speech. He said the members were Democrats because they believed the principles of this party to be for the best interests of the country. Likewise they favored Gen. Carr for the United States Senate because he was seeking the office not for personal benefit, but for the general welfare of the State of North Carolina.

In response to loud and repeated calls, Prof. J. Y. Joyner spoke briefly He said he intended making his speech primarily at the polls early Tuesday morning, but added that he had been cheered by the encouraging news which had been received from all parts of the State.

Col. W. H. Osborn stated that he had been carrying on an extensive correspondence in reference to the Senatorial contest and had become firmly convinced that Gen. Carr was the favorite of a majority of North Carolina Democrats.

Brief remarks were also made by Rev. Dr. F. H. Wood, Rev. W. L. Grissom, Mr. W. R. Land and Mr. J. W. Carden.

On motion, it was ordered that the president appoint committees from the membership of the club to work at the polls on election day, after which an adjournment was taken.

GREETINGS TO CARR MEN.

Gen. Carr Given a Great Ovation in Wilson Last Night.

The president of the Carr Democratic Club of Greensboro last night received the following telegram from Wilson:

"Wilson Carr Club to Greensboro Carr Club, Greeting:

"Gen. Carr is now speaking to one of the most enthusiastic crowds that ever assembled here. No house in the city could hold the crowd, which had to adjourn to the court house square. Wilson is practically solid for Carr.

"C. W. GOLD,
"Secretary Carr Club."

Carr Will Get a Majority of 15,000 to 30,000.

Democrat in Charlotte Observer.

The Raleigh correspondent of The Charlotte Observer said in today's paper that our friend Simmons would get a majority of between 40,000 and 50,000 votes in the senatorial primaries. [The statement was made by Mr. C. M. Busbee in an interview.—Editor of The Observer.] This, of course, is the cackle of an over-enthusiastic advocate of Mr. Simmons. No one believes or has any idea that the majority on either side will be anything like the above figures.

But after taking a conservative review of the 95 counties of the State, based upon what advocates of both candidates say, it is safe to say that Mr. Carr will easily get a majority ranging from 15,000 to 30,000.

This county, Cabarrus, will give Mr. Carr a majority of at least 300 and it is believed by a large number that his majority will reach 800.

Five more days and the agony will be over. Mr. Carr will be declared nominated and William Jennings Bryan will be elected.

Concord, N. C.

MR. RRYAN EGGED.

A Most Disgraceful Affair in Chicago Last Night—Hanna Also Has a Tough Time.

Chicago, Nov. 1.—Four eggs were thrown at Wm. J. Bryan tonight, just as he left the Central Turner Hall, Milwaukee avenue, where he had concluded his address. The eggs were thrown by three or four young men, one of, whom, John R. Myers, a sign painter, was placed under arrest. The other men escaped. Mr. Bryan had just passed through the door of the building and was walking toward his carrrige, when four eggs whizzed at almost the same moment over his head and struck in the crowd beyond which was waiting to greet Mr. Bryan as he left the hall.

One egg, which lacked a great deal of being fresh, struck Policeman Culkins squarely on the forehead and streamed down his face. Culkins saw the men who threw the eggs, and made a rush for them. Myers was the only man whom he could catch, the others slipping away in the crowd. The hall was surrounded by a large crowd, and as soon as it became known that eggs had been thrown at Mr. Bryan, the excitement was intense. A hundred men made a rush for the prisoner, and it was only by desperate efforts that Culkins managed to hold on to his prisoner. Several officers came to his assistance and all the officers were compelled to use their clubs before the crowd would give ground and allow Myers to be placed in the patrol wagon.

When locked up at West North Avenue police station, Myers declared positively that he had thrown no eggs at Mr. Bryan, personally, and had no intention whatever of hitting him. He declared that in his anxiety to obtain a good view of the candidate as he left the hall, he had crowded close to the carriage, and that the driver had struck him with his whip in order to [illegible] back. He returned to where his friends were standing and they promptly hurled the eggs at the driver, and that just as they did so, Mr. Bryan came through the doorway. Myers declared that he was a Democrat and would never have thought of throwing eggs at the candidate of his party. He declined to give the names of his companions, and could give no explanation of why they had come to the meeting carrying bad eggs in their pockets.

A BAD NIGHT FOR MARK HANNA.

Chicago, Nov. 1.—Mark Hanna bowed to a storm of hisses, catcalls and cheers for Wm. J. Bryan, in the big circus tent at Halstead and Thirtieth streets tonight, giving up his attempt to get a hearing until the police had restored order. For 45 minutes the mob had its will, and then 70 policemen took a hand and cleared the aisles.

Prospecting for a Silk Mill Location.

Mr. G. G. Walker, a silk dealer of New York, spent yesterday afternoon in the city. He is on a prospecting tour for the purpose of selecting a location for a silk mill for some friends of his. He is not himself a manufacrer, but a dealer in raw silks. He is now on the way home from points further south along the Southern. Mr. Walker was shown over the city by Mr. Lee H. Battle of the City National Bank. On being shown through the Proximity mill by Mr. Ceasar Cone, he expressed great astonishment at the equipment and work of the mill, not having before known that such work was being done so extensively in the South.

Mr. Walker was favorably impressed with Greensboro and promises to let his intentions be known at once. He was sent South by Mr. Richards, Land and Industrial agent of the Southern.

How it Looks Down in Moore.

A letter was received here today from a prominent gentleman in Moore saying that it was conceded that Gen. Carr would carry that county by a handsome majority. The county has been claimed by the Simmons men.

The gentleman added that a few days ago he was on a train with 25 other Democrats and a poll of the crowd was taken, with the result that 21 were for Carr, 4 were for Simmons and 1 was non-committal.

FOR A GOVERNMENT BUILDING.

THE HIGH POINT PEOPLE WANT ONE

Mr. Price Makes a Speech, Paying Tributes to McKinley and the G. O. P.—Real Estate Transfers—Mr. Rommell's Estate in Germany—Revival Meeting at the M. P. Church—Preparing to Locate the Waterworks.

Corresrondence of The Telegram.

High Point, Nov. 2.—Mr. A. H. Price, of Salisbury, Republican elector-at-large, spoke here last night from the Jarrell Hotel porch. His speech was exclusively a tribute to Mr. McKinley and the G. O. P., with the exception of the denunciations and attacks imposed upon William J. Bryan and the Democratic party.

He was incessantly interrupted by hurrahs for Bryan and Simmons, which mostly came from boys congregated on the outskirts of the audience.

Mr. Price said the two issues before the people were "prosperity" and Bryanism; the former was evident everywhere and the latter could hardly be defined. He thinks that if it had not been for the "loyal" Democrats in 1896 Mr. Bryan would have been elected by an overwhelming majority.

Mr. Price is quite good at mimicing and several times he "reproduced" speeches made by the present Democratic nominee for President in his tour of this State in 1896. This added to the amusement of his friends present.

Mr. Robert Storey, of Fairview Lodge, has purchased the Jordan property in the Southern part of town. The plot contains seven acres and is a desirable piece of real estate.

Letters have been sent to Senator Pritchard and Congressman Kitchin asking them to use their influence in securing an appropriation sufficient to erect a government building here.

Mr. William Rommell, of this place, has received letters telling him more about the estate left him by relatives in Germany. He will probably get 1,000 marks.

The series of meetings in progress at the Methodist Protestant church are of good results, and much interest is being manifested. The pastor is assisted by Rev. Mr. Whattaker, of Kittrell.

The mayor and a special committee have been looking over the ground this week with a view to doing some preliminary work in the location of water. They were assisted by Mr. H. E. Knox, a hydraulic engineer, of Knoxville, Tenn.

Next Monday evening at 8 o'clock Prof. McKnight, of the Hamner School of Science and Healing, will give a lecture in the parlors of that institution. The subject will be "What is It" and "How is It?"

Mr. G. H. Kearns, of the High Point Mantel and Table Company, has purchased the home place of Mrs. Alice Smith, on Russell street.

Popular Young People to Wed.

The marriage of Mr. Arthur G. Rankin and Miss Janie Gainey is announced, the event to take place at the home of the prospective bride, at Sherwood, near Fayetteville, on Thursday, the 15th inst.

Mr Rankin and Miss Gainey are both well known and popular young people and have a host of friends in Greensboro and elsewhere who will extend best wishes and cordial congratulations.

The Spring Garden Revival.

The protracted services at Spring Garden street chapel are still in progress and incalculable good is being done throughout the community. Mr. Holcomb is a preacher of unusual power. Possessing as he does the magnetic attractiveness of youth, combined with a deep consecration to his holy calling, he has before him a future of great promise and usefulness as a winner of souls for Christ. Owing to the pressure of engagements he may not remain longer than Sunday.

Judge Nelson Loses His Bible.

Superior Court Clerk Nelson has lost his Bible, but the discovery was not made until he was ready to administer an oath this morning. He accused County Treasurer McKinney of the theft, but the latter put it off on Tom Tate, who was said to have been looking for Biblical reasons why his Senatorial candidate should be elected.

GENERAL CARR'S EMPLOYEES.

They Write in a Very Forcible Way of His Character as a Man and as an Employer.

To the Editor of the Telegram:

Much is being said and written about the merits of the senatorial candidates. A short time since a letter from some of the former employes of General J. S. Carr, in which we did not have an opportunity to join, was published. Having been in the services of General Carr for twenty years or more, next preceding his sale of the Bull factory, we desire to speak of his worth as a man and his generous, humane and fair treatment as an employer. We served as managers in the various departments, and no better feeling ever existed between employes, from the least to the greatest, and employer. Good wages were paid, and the treatment of even the humblest employee was always so fair, so humane, and so just that a life-long friendship for the head of that mammoth establishment was implanted in the breast of every one who worked therein. General Carr is the true and tried friend of the working man under any and all circumstances This letter is written without the knowledge of General Carr or any of his campaign managers, but of our own motion and in defence of that great and good man, who is being unjustly and cruelly assailed. If every working man in North Carolina knew him as we do, they would march to the polls in one solid phalanx and vote for him for United States Senator.

THEATRICAL CRITICISM

The Concord Standard is Disposed to Agree With Us That the Public Should be Left Partly to Itself.

The Greensboro Telegram has a very well timed editorial in Monday's issue on the subject of "Theatrica Criticism" It is moved to writing it, probably, from the fact very noticeable to readers of both the Greensboro dailies that these journals placed very opposite estimates on a late performance in that city. One of the lessons drawn is that criticisms of these performances are little more nor less than how the play happens to strike the writer unless he be really a trained and competent critic. We observe to our bewilderment that the writer himself sometimes gets unmercifully criticised by those who were less favorably impressed than himself and he is donned not up-to-date.

The idea seems to be with The Telegram, and we fully concur, that if nothing unclean or demoralizing appears it is well to emphasize the meritorious parts and let the less meritorious parts go by, for it takes fine, large opera houses fairly well filled, as a rule, to secure the class that is without tame parts.

But The Telegram's last point is that which has annoyed us often, that abominable way the slick advance agents have of writing an ad. and making it sound like the words of the newspaper man. The Telegram puts them under a peculiar head line so that those who understand the head lines know them to be ads. It seems to us that this may not be fully understood and we long for a generally adopted way that makes ads go as ads, that the reliability of the paper be not taxed with the unscrupulous imbellishments that the agent often gives the object. When your scruples make you draw back, the cheeky fellow generally gives you to understand that all the other papers do so and that you are a champion crank.

But to the original idea, the newspaper man has no good way of knowing what a performance is until he sees it and it is then too late to help people save their money, if the play is not good and it is also too late to help them to a good entertainment.

Upon the whole, if you are optimistic you get good out of all and if pessimistic you like none.

A Good Tobacco Season.

This is a splendid season for tobacco and the growers are bringing quantities of the weed to the Greensboro market. The warehousemen and dealers are encouraged at the amount of tobacco being sold, and the farmers generally are well pleased with the prices received.

Today tobacco was sold on the warehouse floors from the counties of Guilford, Alamance, Rockingham and Chatham.

A NOTE OF WARNING SOUNDED

AN APPEAL TO ALL DEMOCRATS.

The Republicans Spending Money Liberally in Guilford, and Unless Democrats Bestir Themselves the County May be Lost—Numbers of New Negroes Have Registered—The Senatorial Primary Has Absorbed the Party's Energy.

Zeb. Vance used to say that "all hell couldn't beat a scared Democrat." If the party in Guilford county had more of the fear which the great Commoner liked to see move the people it would be better off in the campaign now growing so rapidly to a close. The glorious victories of the past few years have lulled Democrats to sleep, and today a spirit of lethargy is apparent all along the party lines.

On the other hand, the Republicans are alive and active, taking advantage of every opportunity afforded by Democratic disaffection on account of the Senatorial contest. Notwithstanding the fact that the Republicans claim to have no money this year, they get all the cash they need when they have any show of accomplishing anything. From the best of authority it is learned that they have received $1,000 to use in this county, and from all evidences they are spending it freely.

Today Mr. A. M. Scales, chairman of the Democratic County Executive Committee, issued the following statement to all Democrats:

"Fellow Democrats of Greensboro and Guilford county:—I am no alarmist, but feel it my duty to speak to you plainly as to the situation.

"The Republicans have plenty of money and are working. They have registered a large number of negroes in Greensboro who did not vote in August. They are making an active fight for this county.

"On the other hand, Democrats are over-confident and think that one or two men can run the campaign without help of any kind. Then, we have allowed the Senatorial primary to absorb almost, if not all, the party's energy.

"This is the condition. Now, I earnestly warn Democrats that unless work, and hard work, is done from now on, and on election day, we cannot hope to see Guilford county remain in the Democratic column. As chairman of the Executive Committee, I earnestly and urgently request all Democrats to get to work at once.

"Yours sincerely,
"A. M. SCALES,
"Chairman."

BIG CROWD AT COLORED FAIR

OVER 2000 PEOPLE YESTERDAY.

Principal John E. Ray Refuses to Leave North Carolina—Col. A. B. Andrews' Twenty-Five Years With the Southern—York to be Tried in Raleigh.

Special Correspondence of The Telegram.

Raleigh, Nov. 2.—There were over two thousand people at the negro State fair yesterday afternoon. The feature of the day was the address of president James B. Dudley, of the Agricultural and Mechanical College at Greensboro. It was full of the very best advice for his race, whom he urged to devote their attention to industrial development.

There are to be quite a number of marriages here between this date and the holidays, some of persons very prominent in society.

The Una Clayton Company will be at the Academy of Music all next week. Two Wilmington people are with this company.

Yesterday was the 25th. anniversary of Col. A. B. Andrews' connection with the Southern Railway. He began as superintendent of the North Carolina railway. Prior to that he was superintendent of the Raleigh & Gaston. He is one of the most modest men on earth. There is perhaps only one man who exceeds him in this direction, that being Gen. Robert F. Hoke.

The case of J. L. York, charged with using the mails for swindling at Fayetteville, is to be tried here next month. York is a remarkable man. He twice had opportunities to leave jail, but refused to go.

As an indication of the great crowd at the fair here last week, it may be stated that the receipts of the Seaboard Air Line from sale of tickets on its trains between Raleigh and the fair grounds were $1,000 greater than in 1899.

Principal John E. Ray, of the State Institution for the Blind here, today formally declined the presidency of a Baptist college in another Southern State, the college in question having co-education and a $250,000 endowment. It is really the fourth time Mr. Ray has declined the offer during the past two years.

It is said that the resolution introduced yesterday at Wilmington by J. B. Freeman, at the meeting of the State election board, in which he sought to prevent the holding of the senatorial primary, was one of those things agreed on at the recent Republican conference at Greeneboro, over which Senator and State Chairman Pritchard presided.

News was received here today that the cotton mill owners in Alamance have notified the union men who are not at work to vacate the company houses in ten days.

Some of the Republicans appear to be worried about the declination of A. H. Slocumb of the nomination for Congress from the Third District. They had been boasting that they would have a straight nominee in the field in each district, and Slocumb's retirement broke up this arrangement.

MR. MANNINC ENTHUSIASTIC

Says General Carr is Gaining Rapidly in the West from Charlotte and Salisbury to the Tennessee Line.

Durham Special to Charlotte Observer.

This morning Mr. J. S. Manning returned from a trip through the western part of the State and was highly enthused over the outlook for Gen. Carr.

"Mr. Manning, I saw you get off the train from the west this morning. In what part of the State have you been?" I asked him.

"I have been in the western part of the State," was his reply.

"How do you find Gen. Carr's chances in the west?"

"I was very much gratified as a friend of Gen. Carr to discover the great strength he has developed in the western part of the State from Charlotte and Salisbury to the Tennessee line," replied Mr. Manning. "I found his friends enthusiastic and hard at work, and Gen. Carr gaining votes every day. There can be no doubt that the west will give him a much larger vote than Mr. Simmons. I read in the morning papers the interview of Mr. C. M. Busbee, manager for Mr. Simmons, and noted his estimate of Mr. Simmons' majority in part only of the State. The most convincing reply to Mr. Busbee's estimate will be given next Tuesday, when, in my opinion, it will be ascertained that Gen. Carr has received more votes at the primary than Mr. Simmons, and he will be the next United States Senator from North Carolina. I have traveled over much of the State and my confidence in his election grows each day. I have been in many counties in different sections of the State, and I am confident of Gen. Carr's election."

SNAKES ON PICNIC GROUND.

Pleasure Resort Was Laid Out at Great Expense Over a Den of Reptiles.

"A few years ago," said Mr. Kepp, of Punxsutawney, Pa., to a Chicago Inter Ocean reporter, "a friend of mine, Maj. Powell, who was superintendent of a little railroad, built at considerable expense a fine picnic ground out among the rocks and trees of Bradford county. He thought it would help the road to have a fine rustic and romantic resort, where people could go to hold picnics, and anticipated that there would be one or two excursions every week to this cool sylvan retreat. And it was a mighty pretty place. When it was all fixed up and about 300 people, the majority of them children, went there to have their first picnic, Maj. Powell was there in all his glory to witness the opening of what was to be the most popular resort in Bradford county. Presently somebody saw a big rattlesnake, which was duly dispatched. Mr. Powell looked at it, and not wishing to injure the reputation of his sylvan paradise, said: 'Yes, that is a pretty fair sized milk snake,' and ordered it buried.

"But that snake had scarcely been buried when a man came in with six more big rattlers that had just been killed. And that was only the beginning. In a few moments it was discovered that the place was literally alive with rattlesnakes. Most everywhere you turned there was a big rattler, and you can guess that the women and children weren't long in getting out of that. The fact was that the picnic grounds were constructed right over a den of rattlesnakes. The major had spent nearly $300 in fixing up the grounds, and had named the place 'Paradise Glen,' but the people shunned it as a pestilence after that and changed the name to 'Rattlesnake Gulch.'"

DOES NOT COME WITH AGE.

Wisdom Is Not Always One of the Accompaniments of Years.

A medical man has discovered that neither in youth nor old age is a man likely to make the biggest fool of himself, remarks the New York Press. Extreme youth usually is considered not to have arrived at the dignity of years of discretion, yet a homely proverb would have us believe that "there is no fool like an old fool." This medical observer has broached the theory that there is an "aberration period of middle life," between the ages of 57 and 62. "If," he says, "a careful examination be made of the preventable disasters of the last 20 years and of the ages of those who were held responsible by the verdict of mankind for such lamentable issues there will be found a strange coincidence in the range of their ages."

Here is an interesting and practically inexhaustible field for investigation. Politicians who are "ag'in' the government" may trace the blunders of an administration to the sinister influence of some boss who was passing through the fatal period at the time, and "regrettable incidents" of all kinds, in war or peace, may be traced to their true origin. In time, no doubt, we shall appreciate the necessity of requiring all public men, on entering the fatal period, to take a five years' holiday and to resume work only when they have passed the age of aberration.

TRIED BY HIS PEERS.

Stinging Rebuke to a Jury That Had Reached an Outrageous Verdict.

No member of the Massachusetts bar stood higher than the late Harry W. Paine. He was absolutely fearless, and occasionally trampled upon the traditions of the courts with the utmost recklessness. On one occasion he was defending a charity case in which a boy of 15 was charged with arson. He made a strong case to prove the defendant an idiot. After a charge from the judge, which was practically an order for acquittal, the jury brought in a verdict of guilty. The judge asked Paine if he would move for a new trial. "I thank you for your suggestion," was the answer, "but I am oppressed with the gravest doubts whether I have the right to move for a new trial. Your honor, I have already asked for and received for my idiot client the most precious heritage of our English and American common law—a trial by a jury of his peers."

Paine had an old quarrel with the supreme court, and never lost an opportunity of shewing his contempt for that body. Once, riding from Boston to Cambridge with a load of law books, he was accosted by a young Harvard man with the remark: "You have quite a load, Mr. Paine. Law books, I suppose?" "Oh, no," was the answer, "only supreme court reports."

FRIDAY, NOVEMBER 2, 1900.

THE MOST DISGRACEFUL OF ALL.

There have been many surprises in this senatorial campaign, but so far we have not seen anything quite so startling, quite so disgraceful, as the following incident, which we take from our contemporary, the Democratic Banner, of Dunn:

During the past six years we have published a paper in the town of Dunn, and have labored for the up-building of the town, the county and the success of the Democratic party, at all times opposing the enemy of Democracy.

When the Senatorial campaign opened up we considered the matter carefully as to which man in the field we thought was justly entitled to the honor of representing our great State in the United States Senate. Our conclusion was that Gen. J. S. Carr had given the party 30 years of untiring service and had not only served his party but had met every charitable demand that had ever been made; that he had been a great friend to education, distributing his wealth broadcast as it were to bless the people of his State. Having never held an office at the hands of his party, and in his declining years of usefulness, should receive some reward of honor. We compared Mr. Simmons in the consideration and found that he had rendered the party great and noble service during the past four years, that every loyal Democrat appreciates. We found that he had already held two offices at the hands of his party and that he was yet in the prime of manhood, that his honors might be numerous in days to come, while the evening shadows were gathering about the noble life of the old Confederate Soldier, Gen. J. S. Carr, and we decided to do what we could for his election. This we have done without saying one hurtful thing against Mr. Simmons, all honor to his name. Our efforts in Mr. Carr's behalf seemed to disturb some of the supporters of Mr. Simmons. A self-constituted committee, claiming to represent the businees men of the town, called at our office Thursday morning, as the spokemen and "high-cock-alorum" said, to inform us that the paper would be "boy-cotted" unless certain things were done. We consider this an insult to the Democracy we represent and every Democrat who has stood by the fortunes of the party in the past should feel indignant.

Let the supporters of Mr. Simmons do what they can for him, but they should be careful how committees "wait on" men in their places of business. We are accustomed to seeing large men, small men, tall men of all statue, men of strong and commanding voices every day in the week and therefore we are not nervous at their approach. It looks like a man is in danger when he stands out in front of the Standard Oil Co., said to be the biggest trust in America, but "gas" is said to be harmless so long as there is an escape valve.

It has gone abroad that the committee had the press stopped and an article changed. This is not true.

Such treatment as this is sufficient to carry the county for Mr. Carr if nothing else was done in his behalf. Go to the polls and do your duty without insulting anybody, and if you vote for Gen. Carr, you will show a grateful spirit to a worthy man.

We do not produce this extract as a campaign document. The Telegram advocates the claims of neither of the candidates. We produce it for two purposes. The one is to condemn such reprehensible conduct, and to point out its danger, and the other is to congratulate the editor of the Banner for treating it with the contempt it deserved. We have no idea that Mr. Simmons knew anything of the matter, nor do we believe he would countenance such outragous action by his supporters. Such work would be just as mean in General Carr's friends. It is a monstrous proposition that a newspaper that has worked six years or one year for the Democratic party should not be able to express a courteous preference for a fellow Democrat for an honable office without being threatened by other Democrats with a business boycott. Such infamous intolerance on the part of party politics and politicians is what is fast driving independent and broad-minded newspapers out of party service.

We have seen some very hopeful estimates on both sides, but so far we have not seen anything quite up to what the Anti-Imperialist Club makes out in a letter written to Prof. Holt, of Oak Ridge. The letter runs:

Thanks for yours of the 27th. Our official returns and our opinion is that Bryan will carry all the States excepting Iowa, Maine, Massachussets, New Hampshire, Pennsylvania, Rhode Island Vermont and Wisconsin.

We will carry New York, Indiana, Ohio and Illinois for Bryan. New York city and throughout the State has never known such crowds and enthusiasm as Mr. Bryan has brought out. We have 100,000 men working day and night in Greater New York city for Bryan.

It does seem that we are getting mighty near the end of our rope. We are gravely informed that if Mr. Bryan is elected anarchy will step into the shoes of the Republic, and if Mr. McKinley is elected the empire is to sit down on the Republic "ker flop." And only about four more days of safety left.

The man who was day before yesterday sentenced to be hanged and replied to the Judge's "May the Lord have mercy on your soul" with a polite "Thank you sir," is capable of taking a much more cheerful view of the situation than any of the candidates do.

Emperor William says that the alacrity displayed by the other powers in agreeing to the Anglo-German vote is a "good prognostication of the speedy solution of the Chinese imbroglio." What a job it must have been to say that in Dutch.

The Charlotte Observer inquires if Mr. Scott's declaration in favor of the trusts will prove another Burchard incident. No indeed. It is one of the features of our progress that people don't have time to pay attention to every fool who shoots off his mouth.

There are ten presidential tickets to be voted for on next Tuesday. In North Carolina we may count the senatorial tickets as ten more. And yet there are people who will take to the woods on election day.

If Mr. McKinley is re-elected no doubt the humble lights of his administration hereabouts will declare in favor of the STATUS QUO.

Mr. Hanna talks about Mr. Bryan just like a man does who expects that to be his only way of getting satisfaction.

"Just the thing we wanted" is the reply of each of the powers to the English-German announcement.

Mr. Hanna is now running the campaign. After Tuesday he will resume his job of running the government.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free, Regular size 50 and $1. WHY NOT HAVE BOTH?

The Man and the Dollar Go Well Together.

To the Editor of The Telegram:

The Simmons badges have an inscription—"The Man rather than the Dollar."

Why not have both? Is not Gen. Carr as good a man as Mr. Simmons? Is it Gen. Carr's fault that Mr. Simmons has not the dollar, while Gen. Carr, through his energy, ability and great business activity has acquired what Mr. Simmons, with all his talent, has failed to acquire?

If you lay down the principle that because a man is able to acquire money by honest methods, industrious habits, and executive ability is not entitled to hold office, as against a man who has not been able to do the same thing, you put a premium upon idleness and condemnation on industry and thrift. If we get Simmons we will have the man without the dollar. If we get Carr we will have both the man and the dollar. XXX.

TOBACCO GROWS IN TENTS.

Attempts Are Being Made to Grow Havana and Sumatra Leaf in Connecticut.

An experiment in growing Havana seed and Sumatra tobacco in Connecticut soil, under a tent, is being conducted by Prof. E. H. Jenkins, of the state agricultural station of New Haven, and Marcus A. Floyd, tobacco expert of the United States department of agriculture, says a recent report. The covering is made of cheese cloth, is nine feet high and contains 3,100 feet of cloth. Prof. Jenkins told a Sun reporter that the covering offered many advantages, retaining the moisture in the ground longer than where it was exposed, securing a temperature of from five to ten degrees hotter, and protecting the plants from heavy rainstorms or hail. Excessively heavy hail may penetrate through the cloth, but the fall will be sufficiently broken to prevent the plants from being broken. Mr. Floyd, in speaking of the experiments, said:

"The Sumatra is progressing finely. The leaves are smaller, of a brighter green and finer shade, and are silkier than that raised in the open. We are gathering the crop by leaves, picking them as they become fully matured, and leaving the stalk. This produces a much better result than to dry them on the stalk. The Havana seed is not doing so well, and the outcome is in doubt."

Prof. Jenkins said that Connecticut tobacco no longer answered the demand of the trade, and if the attempt to grow Sumatra here was successful it would result in great prosperity for Connecticut growers.

The Telegram's Tea Table Talk

"I love Jule Carr better than I love any other man," remarked a well known citizen of Greensboro this morning. "Once when I was in trouble he wrote me a letter that I shall never forget. That letier asked me to call on him for anything that I ever wanted done, and from that day he has done whatever he could for me. This is the only time I'll ever have an opportunity to do much for him, and I'm determined to do whatever I can for his election."

* * *

"The worst licking I ever got was for shooting deserters," said a man who recalled war time incidents, in reply to a statement that a big per cent. of the "loyal Union men" of North Carolina who took to the woods during the war, did so because of cowardice and reluctance to fight instead of through any antipathy for, taking up arms against the Union. "My brother and I loaded an old musket with powder only and took a stand on the road. Pretty soon an old man of the neighborhood came riding along on a colt. We sprang out, calling 'kill the deserter,' and boom! went the musket in the old man's face. The colt sprang away like the wind. When the old man got him checked up he rode back and reported to our father. That individual did all the rest."

The Telegram's name is a little inconvenient to it, but we are too fond of it to think of a change. If you call up somebody and tell him you are talking from The Telegram office, he'll think its the Western Union and get scared lest some of his folks are dead. If you tell a hack driver to take you to The Telegram office he will, in ninety-nine cases out of a hundred, pull up his fat, prancing steed in front of the Postal Telegraph Company's office. And so it goes. But the latest is a letter which came this morning addressed to the "Greensboro Tel. Co." It read so:

"Please find enclosed specifications for standard cross arms, both juniper and pine. I would thank you very much if you use either one, to send me spacings and description of stock you use, and I will be glad to name you prices f. o. b. cars points you desire them delivered.

"Where arms are to be painted, I use for priming, Spiritine Wood Preserver, and then the second coat of good hard oil finish, which makes them much more lasting, looks better, and costs but little mite more money."

Some of the Greensboro boys went out to a cornshucking in the country a night or two ago, and one of them who claims to have kept straight, tells a story on one of the others. They were riding horseback, he says. When the time came to start home they went out to saddle up. The boozy man got his saddle on hind part before. The other one remonstrated with him and told him he had it on wrong and ought to change it. "Hic! hic! guess I know—hic—which—hic—way I'm—hic—goin.' Le'me 'lone."

From the Durham correspondent of outside papers we learn that that village is now enjoying a feast, and is all "agog," says one, over the appearance of a young man with intelligent face and long auburn hair, who claims to be a divine healer. "He told me," says a correspondent, "that he was a native of England and his father is now a member of Parliament. He says that he is a graduate of the University of Oxford and also the University of London. He has a traveling companion in the person of Rev. O. H. Sutton, former pastor of the Union Tabernacle Baptist church, of Columbus, Ga. 'The healer' claims that he has restored sight, made the dumb to speak and lame to walk. These things he said he did in Danville. It is claimed that he has caused one man to hear since he arrived in Durham. At any rate he is drawing large crowds and the blind, deaf and others afflicted were out on the streets early this morning looking for him. Yesterday afternoon and last night the men were on the street corner, but today the manager of the opera house offered them the use of the house and the offer was accepted."

Greensboro people know the youth of the auburn locks. They also have some acquaintance with Brother Sutton. We note that the auburn-haired one has not yet told the Durham folks that he has treated exactly, according to count, 1,000,000 cases and cured an even 300,000. We also note that the place where the blind were restored has been moved up from Georgia to Virginia. We further advert to the fact that the young man's father has very recently been elected to Parliament. Our recollection is that when the healer was here the pater had been dead a long time. We cannot also but note the fact that he and Brother Sutton seem to have gotten hold of the elite of Durham, while here their efforts were confined to the colored population.

MISSES' CLOTH COSTUME CONSISTING OF MISSES' WAIST WITH ROUND YOKE, NO. 8084, AND MISSES' FIVE GORED SKIRT, NO. 8070.

This stylish costume is developed in rich red crepe de chine combined with black velvet and heavy white lace.

The waist is mounted on a fitted lining which closes in the center back. The lining is faced to a round yoke depth back and front with white lace over taffeta. The full fronts are arranged in small box plaits, stitched down for a short distance fitted smoothly around the lower edge of the yoke, and slightly bloused at the belt.

The backs are applied plain at a yoke depth plain across the shoulders and drawn down straight to the belt where the fullness forms in tiny plaits. The yoke and collar are outlined with narrow velvet bands. The girdle, which fastens in front with a gold buckle, is also of velvet. The correct two-piece sleeves have slight fullness at the shoulders and are finished with flaring cuffs.

The skirt is shaped with a narrow front gore, circular sides and back gores which fit the figure perfectly. It closes in the center back, an inverted plait being arranged at each sdie of the closing. The plaits are flatly pressed, the upper part presenting a smooth, well fitting effect. The circular flounce gives a fashionable flare to the lower edge. It is headed by a narrow velvet band.

Stylish costumes in this mode may be developed in Venetian, Henrietta, poplin, Lansdowne, cheviot, covert or ladies' cloth, with silk, lace, ribbon, panne, applique or stitched bands for decoration.

To make the waist for a miss fourteen years will require one and one-half yards of forty-four-inch material with seven-eights yard of twenty-inch allover lace for yoke and collar and one-fourth yard of velvet for cuffs. The pattern, No. 8084, is cut in sizes for misses twelve, fourteen and sixteen years. To make the skirt for a miss fourteen years will require three yards of forty-four-inch material. Latest Shoe Novelties.

Exchange.

The new shoes for 1900-1901 are worth seeing, to say nothing of worth wearing.

They show many changes and introduce many novelties.

Velvet is in favor, not only for slippers, but boots.

The high, treacherous, tapering, little French heel is again in fashion.

Fancy perforations are seen on street shoes as well as those for house wear.

The evening slippers are elaborate. They glitter with gold and are decidedly things of real beauty.

For street wear extension soles are all the vogue, and the Cuban is the heel which rivals the sensible military.

In selecting her shoes for outdoor wear this autumn the woman of fashion buys Oxford ties as well as boots. There is a new Oxford this year made purposely for late fall and early winter street wear, which is of heavy patent leather. It has a broad, low heel, an extension sole and the new drop toe, which is very much of a novelty. A particularly swagger street boot is a laced boot of patent calf, with an extension sole and many perforations. Though this is a practical boot, the perforations are in such artistic designs that it is also extremely attractive. Something which the average common sense shoe has never seen before.

Perhaps the most novel boot of the year is made of velvet and patent leather. It is the current boot for carriage, calling and house-wear. The shoe is made with a velvet top and is boxed with patent leather. It is lace; and has hand-woven silk eyelets, a light-weight sole, and the much in favor Cuban heel, which is higher and more shapely than the military heel, and yet a sensible heel.

The Oxford tie, which introduces velvet, is also extremely fashionable. And it is very Frenchy looking with its tapering Louis heel and high arch. These Oxfords are boxed with patent leather, which is attractively perforated and, of course, it goes without saying, the velvet is black.

A feature of both the newest shoes and slippers this year is the extremely high and narrow arch of the last. In the walking shoes the toes are more or less broad, and even the dancing slippers are no longer made with the extreme pointed toe.

The majority of the dancing slippers whether of velvet, satin or fine kid, have satin heels.

The chronic invalid, if the truth were known, is a chronic loafer.

BRAVE MEN FALL.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at C. E. Holton's drug store. Every bottle guaranteed.

CONSUMPTION

is, by no means, the dreadful disease it is thought to be—in the beginning.

The trouble is: you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself, and at home.

Take Scott's emulsion of cod-liver oil, and live carefully every way.

This is sound doctrine, whatever you may think or be told; and, if heeded, will save life.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

A man may step over a banana skin successfully and yet be tripped up by the tiniest bit of a lie.

Nell—"They used to be such good friends, and now they scarcely speak." Belle—"Yes, they would persist in going to bargain sales together"

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

INVENTIVE CELESTIAL GENIUS

Many Useful and Important Inventions Are the Result of Their Ingenuity.

Americans are apt to regard the Chinese, writes W. J. Johnston, in Success, as lacking in progressive spirit and inventive genius. While this is true to some extent, a visit to China makes one realize that western nations are indebted to the Celestial empire for many important inventions and discoveries which we are prone to regard as part of our own civilization. It is to them we owe the mariner's compass, invented by them over 1,500 years ago. The building of ships with water-tight compartments was also first introduced by the Chinese, and to them we are indebted for the discovery of gunpowder.

Prior to the establishment of any banking system in Europe, and while America was still in a state of savagery, China boasted of the same excellent banking system it has in operation to-day.
